Array

Lande Design Team | 2024

A well-organized space begins with a thoughtfully designed cabinet.

Array is our new modular system, offering endless possibilities to shape your space from predefined base elements. The sleek, minimalist design fits into any environment, while the system's flexibility ensures a functional and stylish storage solution that grows with you.

Array stands for order and clarity. This system offers the perfect balance between display and storage, with a smart layout that clearly separates the lower and upper modules, creating a sense of structure and calm in your office- or living space.

Product name
Array

Base
18 mm chipboard, melamine

Designer

Base cabinet open

The open base cabinet has one shelf. The height of the open compartments is 47,3 cm. The depth of the shelves in a cabinet with a width of 45 cm is 40 cm. For the cabinet with a depth of 60 cm, this is 55 cm.

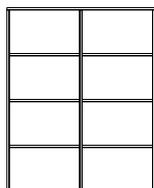

Base cabinet with drawers

The base cabinet with drawers has three drawers. The height of each drawer is 31,5 cm on the outside (29 cm on the inside). The internal width of the drawer is 112 cm.

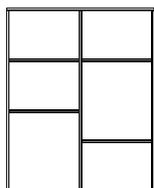

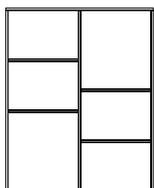

Base cabinet with doors

The base cabinet with doors has one shelf behind the doors. The height of the compartments is 47,3 cm.

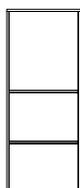

Top cabinet type A

In this top cabinet, the open compartments are symmetrically divided. The height of all open compartments is 35,7 cm.

Top cabinet type B and C

The compartments for top cabinets B and C are asymmetrically divided. The height of the larger open compartments is 64,6 cm, the height of the smaller ones is 40 cm.

Top cabinet type D

The height of the top compartment is 64,6 cm, the height of the two compartments below are each 40 cm.

Handle type A

This handle is positioned on the top edge of the doors/drawers. The handle is 8 or 22 cm wide.

Handle type B

This handle is attached to the door or drawer. The handle is 8 or 22 cm wide.

Lock

Each door can be equipped with a lock at an additional cost.

The top of the casing can consist of a single piece with a maximum length of 240 cm. If the cabinet is wider than that, the top of the casing will be evenly divided into two or more sections, as needed.

Finishes

Choose from the following melamine and powder coat colours.
