Modi

Lande Design Team | 2025

A chair with a clear signature. Modi fits perfectly within the Node program, featuring the same distinctive leg angle as the table. This subtle design element creates a cohesive and well-thought-out aesthetic in any space.

Modi is available as both a chair and a stool, finished with felt – lightweight, durable, and subtly shaped for optimal seating comfort. The powder coated steel frame comes in 50 colours from the Lande collection, allowing Modi to adapt effortlessly to any setting, from bold and expressive to understated and professional.

A chair that excels not only in design but also in functionality and durability. Whether in a waiting area, at a meeting table, or in an informal workspace, Modi feels at home anywhere — and remains in top form for years to come.

Chairs

Intended use
**Touchdown-environments, social spaces,
meeting rooms, class rooms**

Configuration Modi chair

Customize the Modi chair or stool to suit your needs by choosing from the various colours felt, and select any powder coat colour for the frame.

Frame available in 50 powder coat colours from the Landé collection

Configuration Modi Barstool

Customize the Modi Barstool to suit your needs by choosing from a range of felt colors, selecting the desired barstool height, and picking any powder coat colour for the frame.

Felt

The backrest and seat of the Modi are made from PET felt — a soft yet strong material with good acoustic properties. The felt consists of a blend of recycled PET from post-consumer waste and virgin content.

Stackable

The Modi is stackable by default. The Modi chair can be stacked up to four pieces, while the stool can be stacked up to eight pieces. The Modi Barstool is stackable up to four pieces.

Return policy

Sustainably designed – made for circular use

The Modi chair is thoughtfully designed with sustainability and circularity at its core. Its modular construction and use of high-quality, reusable, and easily replaceable components make it an excellent choice for environmentally conscious interior projects.

As part of our circular commitment, we offer a take-back service at the end of the chair's lifecycle. For each complete chair returned, you'll receive a €25 credit (excl. VAT). Whenever possible, components are repurposed in new production runs — helping to significantly reduce the chair's environmental footprint.

Dimensions

Choose between the chair, stool or barstool.

Modi
