Node

Lande Design Team | 2024

Node is a versatile table system designed to meet the demands of the modern office. Created to facilitate meetings and connections, it is functional, flexible and adaptable to any situation.

The Node table offers a wide range of table tops, shapes, and sizes. You can choose from various seating and standing heights and have the option to add casters. With options for functional lighting or electrical outlets, the versatility of the Node collection is complete.

With its distinctive angled frame and a wide range of finishing options, the Node table can be effortlessly customized to the specific needs and aesthetics of any space.

Product name
Node

Designer
Lande Design Team

Year
2024

Category
Tables

Table top
Forbo Linoleum, Fenix, laminate (standard HPL), melamine, veneer

Frame
Steel and cast aluminum, powder coated

Accessories
Electrical outlets, lighting

Intended use
Touchdown environments, social interactions and meetings

Packaging
Table top and frame packed separately with assembly hardware

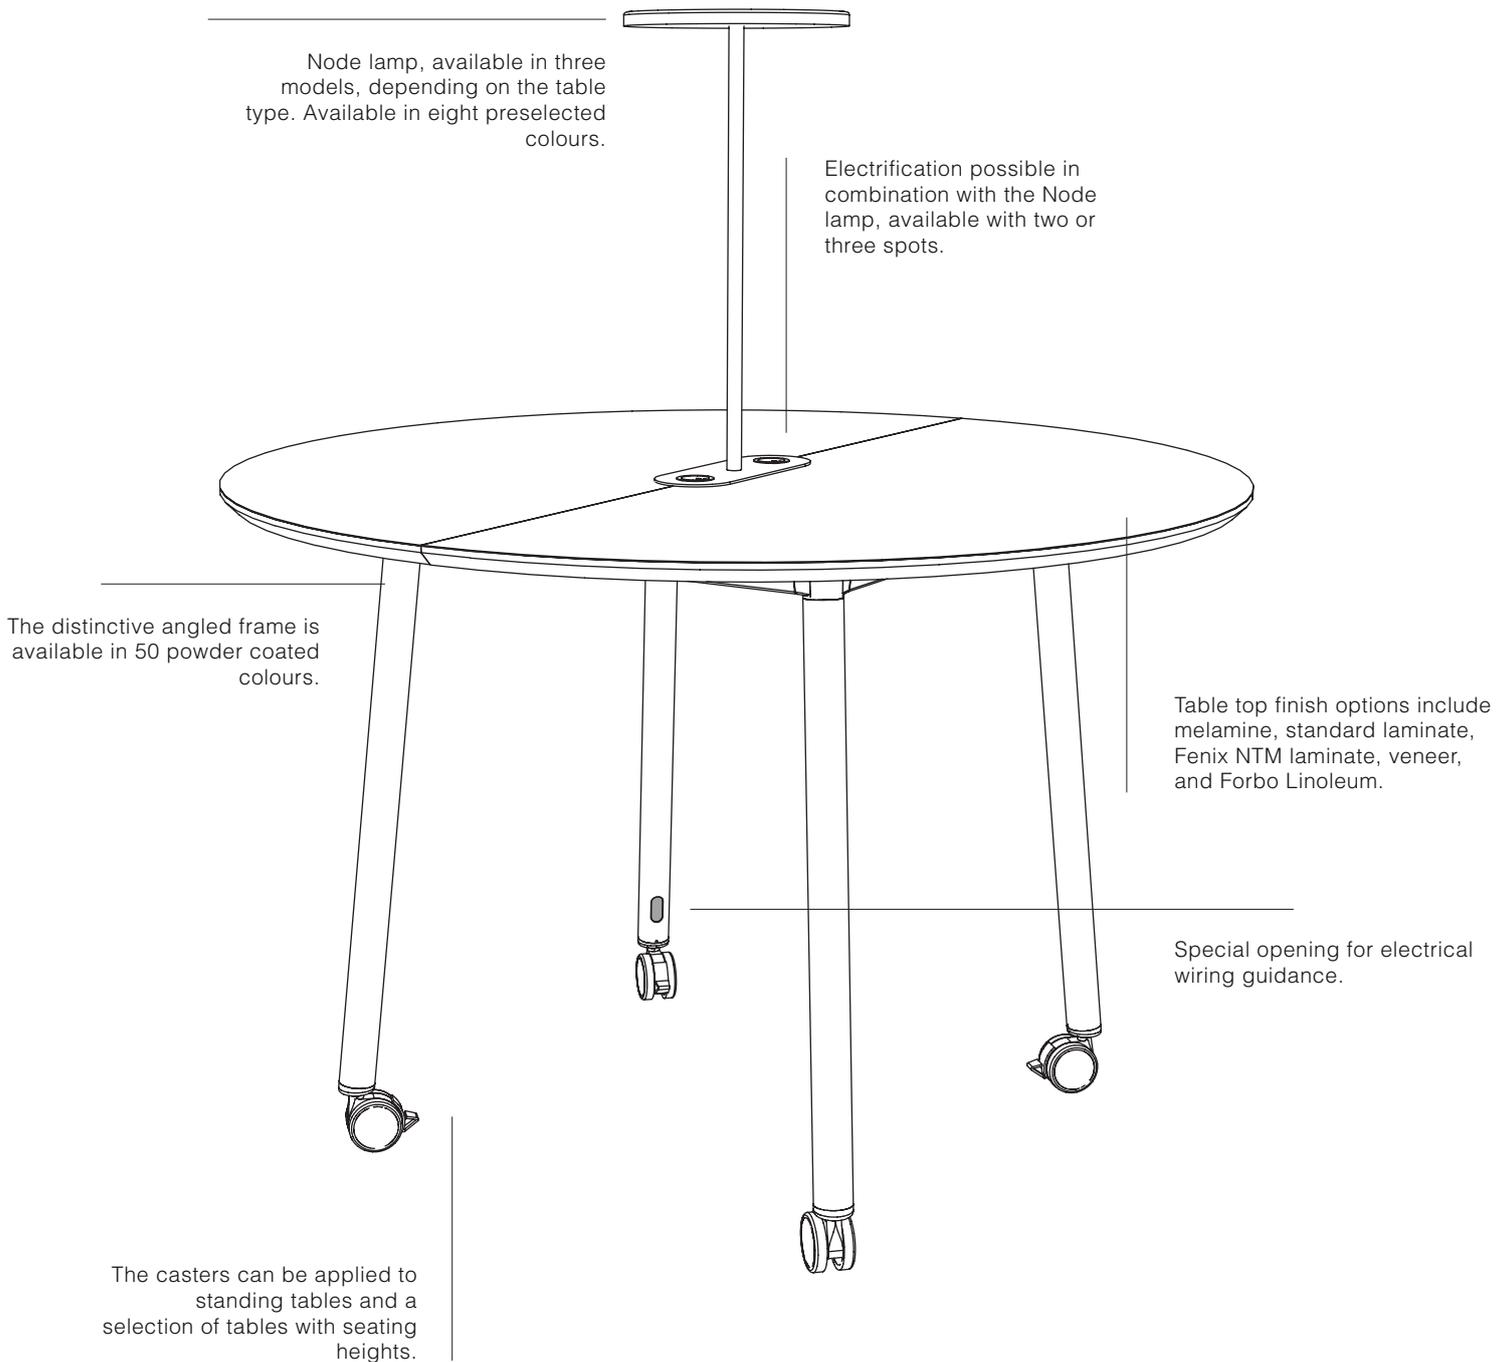

Certificates
Lande is ISO 9001 en 14001 certified

Configuration Node table

Customize the Node table to your needs by choosing from various shapes, sizes, and heights. Then add the desired lighting and/or electrical outlets.

Options for power integration and lighting

Customize the Node table to your needs by choosing from various shapes, sizes, and heights. Then add the desired lighting and/or electrical outlets.

Netbox spots. Available with either a power outlet or USB 3.0 connection in black. Other communication modules available upon request.

Cables and connections can be discreetly routed through the table leg using a special opening.

Each table is equipped with a multifunctional cable tray that is always integrated into the center of the table.

APTUM
CUSTOMIZED
LIGHTING
CREATIONS

Design: Aptum

The lighting of Aptum is available in three variations and is always combined with the Netbox spots. Soft warm light. The entire unit with lighting is available in eight colors.

LST: LED

Led colour: 3000k

CRI: 90

Control:

Node lamp 01 and 02: standard with 3-20W touch dimming.

Node lamp 03:

standard with 3-72W touch dimming

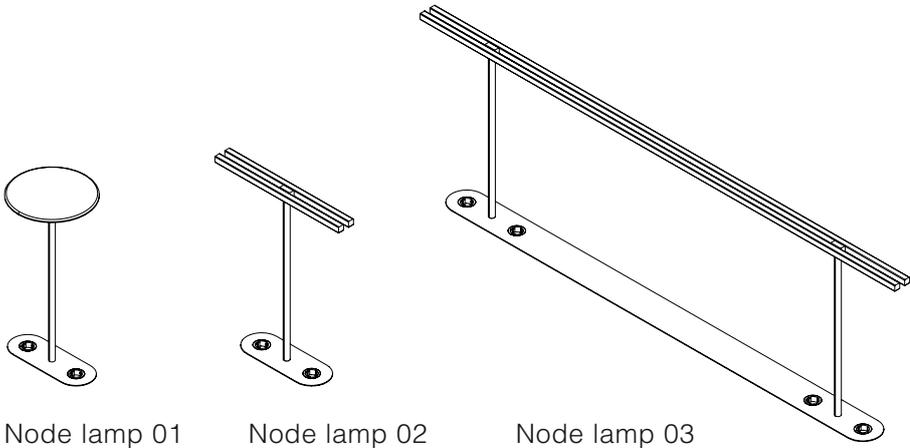

Optional: Casambi/DALI

Materials: PC Opal and powder coated steel

EU energy label: E

Node bench

The Node bench is the perfect addition to the Node family. Available as a 2- or 3-seater, it features the same extensive finishing options and the distinctive angled frame of the Node table program.

The bench is not only functional but also creates a space for meeting and collaboration in any modern office environment. With its sleek design and versatile usability, the Node bench seamlessly fits into both open workspaces and informal seating areas.
