Nimble

Lande Design Team | 2021

Nimble is a modular sofa system that easily adapts to the changing needs of the user. You can effortlessly detach and reposition the seat, backrest, armrest, and table elements on different parts of the seating units, using a simple allen key. Throughout its entire lifespan, Nimble can be adjusted, updated, repaired, and assembled or disassembled.

Nimble is designed according to circular design principles. Each component is easy to repair or replace. At the end of its usage life, we take back all the parts so they can be repaired, refurbished, and reused for a second Nimble usage cycle. Components that can no longer be reused are properly recycled.

Product name
Nimble

Fabric
The Nimble only uses recycled fabrics

Packaging
Flatpacked

Designer
Lande Design Team

Frame
Powder coated steel

Certificates
Lande is ISO 9001 and 14001 certified

Year
2021
